

Submitter: Zachary Garrett

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

I do not believe these laws will make our communities safer. If anything make the penalties for breaking the law more strict. We already have laws in place to facilitate a safe purchase. I feel 114 will make it even harder for our good and law abiding citizens to purchase , use and exercise their 2nd amendment rights that our founders said " SHALL NOT BE INFRINGED " git rid of this bill.
