

Submitter:

Vince Furnari

On Behalf Of:

Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB3075

I oppose this measure as well as any other measure that would restrict the freedoms and rights of law abiding citizens. Similar measures have already been declared unconstitutional by the highest court in the US, so this measure will only cost taxpayers large amounts of money as the state tries to defend it in court if it is approved.
