On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

Please pass HB 3075-1 and implement Measure 114 as soon as practical. We've been waiting 2 years to recognize the will of Oregonians to require a permit for a gun purchase and close any loopholes allowing a gun purchase without passing a background check, to prevent people with mental problems, felons, terrorists, etc. to easily purchase a gun in Oregon.

Out of state gun lobby organizations should not be allowed to represent the majority of Oregonians.
