Measure, Appointment or Topic: HB3076

I oppose this measure. HB3076 is unnecessary and a waste of resources. The state already has the authority to approve/deny businesses in the state. Firearm dealers are already required to have a business license from the state. Firearm dealers are licensed through the federal system (FFL) and regulated by the ATF. Additionally, FFLs are often additionally required to obtain a business license from the municipality and/or county in which they operate.

We all want safety in our communities and are outraged when bad people commit crimes, regardless. We need the legislature to enforce the existing laws, not wasting resources on something that is already established.
