Measure, Appointment or Topic: HB3075

Owning firearms is guaranteed in the 2nd Amendment of our US Constitution. Clearly, HB 3075 is UNCONSTITUTIONAL. It adds more infringement on people's personal liberty. A longer permit process fee and higher permit fees does nothing, but add more unnecessary government overreach and bureaucracy to law abiding citizens of Oregon. Limiting magazine rounds is also an unnecessary burden on gun owners. This bill is nothing more than a power grab. I strongly oppose HB3075.
