

Submitter: Lacey Hines

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

As an Oregon resident, I strongly oppose HB 3075. It will double the fees and waiting period for gun permits, stacking the deck against law-abiding gun owners. This bill is a blatant power grab. It will expand government control, yet there is no evidence provided that these restrictions reduce crime or that criminals even comply with such laws.
