Measure, Appointment or Topic: HB3075

As a concerned Citizen of Oregon, I strongly oppose HB 3075 as well as HB 3075-1! This bill leaves We Taxpayers in the dark regarding its true cost! Why is there not a fiscal impact statement for Public review? This bill doubles permit fees and extends to as much as 60 days the processing time, putting undue burdens on Oregonians as well as increasing workloads on the Oregon State Police! With no clear analysis regarding the price tag on the expanded bureaucracy, we are left to guess the cost to Taxpaying Oregonians. There also exists no evidence of Public Safety being enhanced by these bills! Where is the transparency in this legislation? Where is evidence that this bill, HB 3075/HB 3075-1 will not put undue strain on Our already strained Public Taxpayers Funds ? Oregon Citizens demand a much greater record of accountability from the Legislature! Please take note.

Thank You.
