

Submitter: Robert Breadon Jr

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

As a law abiding citizen residing in the State of Oregon, I oppose this Bill on the grounds that it puts undue hardship on additional financial costs associated with purchasing firearms and this State has no right to violate my existing 2nd Amenment rights while not addressing the issue of Criminals using firearms. If a Criminal wants a firearm they steal them, unlike law abiding citizens.
