Dear Members of the House Judiciary Committee,

As a registered Democrat, I am writing to express my opposition to House Bill 3075, which modifies the firearm permit provisions of Ballot Measure 114 (2022). I understand the goal to improve public safety; however, I believe that this law is misguided at best and will disproportionately impact vulnerable groups such as the LGBTQ+, disabled, poor, and other marginalized groups when they attempt to legally purchase a firearm, especially during uncertain times like right now. The focus should be on addressing the root causes that lead to gun violence rather than making it even more difficult for law-abiding citizens to exercise a right, especially those who are historically marginalized. We need clear, fair, and consistent laws that are easy to understand and follow.

Thank you.
