

Submitter: Jacob Hayes
On Behalf Of: This does nothing but hurt us legal gun owners.
Committee: House Committee On Judiciary
Measure, Appointment or Topic: HB3075

All this does is affect legal gun owners. Criminals do not care about laws. Drugs have been illegal in this country forever, yet it is still the biggest market there is. Oregon is a great state, but it is stripping its citizens of their rights more and more, keep pushing the residents like you are and more and more are going to leave.
