

Submitter: Raymond Storey

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

Why is owning and purchasing a firearm a constant struggle in this State? We already have a very strong background check,! No criminal will comply with any new law! All this is doing is making it impossible for law abiding citizens who need a firearm for fear of their lives due to numerous circumstances,! Please reconsider this bill that will make so many VOTERS criminals who are only trying to protect themselves and their families!
