

Submitter:

Linda Smith

On Behalf Of:

Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB3076

I am an Occupational therapist who must be licensed to practice my profession. I feel that State gun dealers are selling items that could be and have been used by those who have and intend to cause harm. The dealers should be licensed and be accountable just as a health professional. Lives are a stake and have been lost. Please pass this bill.
