Measure, Appointment or Topic: HB3076

I strongly oppose this measure. It will hurt businesses in this state, as well as reducing taxes because these businesses have to shut down. The federal government does a great job licensing firearm dealers, there is no need for the state to do this also.

Anyone wanting to go into the firearms business already has to go through a thorough background check, along with yearly auditing from the Alcohol, Tobacco, and Firearms bureau. There is no need for the state to also do this.
