This bill will do great damage to lots of people, private ownership and breeders. It will put breeders out of business so there will be no more purebred animals, and the humane society will have a monopoly on the animal market. I want to be free to get my animals from whom ever I decide to, and not the humane society. The humane society will be flooded with animals and jails will be full of people because they can't afford the fees being imposed on them. I oppose this bill on many levels. Please don't let it come to a vote.
