

Submitter: Collin Bell

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3786

Oregon's coastline is a jewel in the crown of the Pacific Northwest. It provides hundreds of thousands of jobs and billions of dollars to our economy. We must not take this vulnerable and ever-changing resource for granted. It is vital to allocate the necessary resources to knowledgeable individuals and organizations to protect this unmatched feature of our state. If we don't we risk losing one of the world's most unique and valuable natural features.
