Hello,

My name is Graham Frick, and I am a co-owner of a small trucking business based in Salem, Oregon. We employ 22 people, primarily in Salem and Corvallis.

I support this bill because, like many business owners in my industry, renting an entire office space is neither practical nor necessary for our operations. As a result, we are often forced to register our businesses at our homes, which raises safety concerns and creates unnecessary challenges.

It is essential that state regulations adapt to the realities of today's evolving work environment. Policies should support business owners rather than impose outdated requirements that make it harder for us to do our jobs.
