Measure, Appointment or Topic: HB3075

Dear Treasonist,

How dare you try to circumvent the rights the people who pay for you to waste our tax dollars on lawuists bearings and hogwash like this that you know is illegal and unconstitutional. If you vote in favor of this I really hope our DA's and Sheriffs come to arrest you! Maybe they will cooperate with the federal government in your arrest. This does nothing to make our streets safer and the people of Oregon safe HB 3075 is gargabge. Why not write a bill that requires all felon in possessions crimes to be prosecuted at period. Let use the laws we have on the books. How many more background checks do I need? Fed than OSP (who has now been delaying) stop the crap, stop wasting my money!
