I support this bill for our seniors. We work all our lives to save and buy our home ,raise a family and as we get older our income gets less and less and with cost of living going up and new taxes that Oregon seems to always pass , Seniors have a hard time paying property taxes as well as being able to put food on the table. This bill would help relieve the stress senior face with paying for property taxes or being able to live comfortably. Please let's give our Seniors a break . Please consider this .

Thank you,

Candie Fuller
