

Submitter:

Ben Houston

On Behalf Of:

Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB3075

To whom it may concern,

HB 3075 Does nothing to protect lives. It puts restrictive and financial hardship on common citizens looking to protect themselves. You should not have to wait till the state feels it's ready to let you have a gun. If you can pass a 4473 that should be good enough.
