Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB3075

This bill is in violation of my 2 ammendment rights. Shall not be infringed? Did they miss that part. Magazine capacity does not change gun saftey. Permit to utilize my second ammendment right? That's bs. We already do background check and that almost always equals a waiting period because of the que. This is not well written, only takes away my and other gun owners rights.
