

Submitter: Henry Pastorino

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

As a lifelong residence of Oregon I strongly oppose measure 114 and HB3075. I believe it violates my right to own a firearm in this state. The states currently has no ability to teach firearm training courses essentially stripping us of the right to purchase a firearm once/if the law goes into effect. As a lifelong firearm owner I believe the Oregon state legislature needs to study the words of the second amendment of the constitution of the United States. "Shall not be infringed upon"!
