

Submitter: A P

On Behalf Of:

Committee: House Committee On Emergency Management, General Government, and Veterans

Measure, Appointment or Topic: HB3556

I strongly object to HB3556 as this will be a major negative impact on businesses around the state. The tax rate is already high and this adds to a customers total bill. Our overall expenses have increased year after year and we are unable to keep up with costs associated with operating our businesses. As collectors of these taxes, the funds should be used to promote tourism and bring people into our State to grow businesses and the overall economy. We as collectors of these taxes should see some sort of benefit for doing the work. Increased expenses and declining business has been the reality over the past several years for many businesses. For this reason, I object against HB3556.
