

Submitter: Devon Franske

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

I oppose of this measure and modification as a proud Oregonian as this will go against my and our country's second amendment right which "shall not be infringed" upon.

"A well regulated Militia, being necessary to the security of a free State, the right of the people to keep and bear Arms, shall not be infringed."
