Committee: Senate Committee On Housing and Development

Measure, Appointment or Topic: SB722

I am writing in support of SB 722. Renters need protections from predatory rent hikes. Rents are so high now that paying them monthly, and saving enough for a down payment on your own home feels nearly impossible, which means many of us will likely be left to mercy of the rental market our whole lives. Housing is a basic need for survival and should never be a tool for someone else to get rich. Please support SB 722.
