House Committee On Rules

Measure, Appointment or Topic:

HB3643

I have worked as an elementary teacher for the past 14 years and have seen my fair share of heartaches and struggles with mental health in our youth. Having a day that is named on behalf of suicide awareness can help start those hard conversations in our communities and in our homes. Fostering those conversations can help to save a life of one of our young people. I fully support and encourage this.
