HB3075

HB 3075 is a direct violation of the rights of all Oregonians. I have yet to see a criminal obey the current statute and the house bill will change none of that, all it will do is take rights away from law abiding citizens and limit there ability to defend themselves against criminals that ignore the law. Neighbouring states with less crime and similar population sizes have less gun restrictions and have proven that gun laws make no difference on crime rates except to make law abiding citizens defenseless.
