Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB3075

I oppose this bill, I am concerned on house bill 3075 , it does not a have fiscal impact statement. I'm wondering why, because that makes it an unfunded mandate. Anything requiring us pay for permit or permit processing clearly has a fiscal impact on the state , taxpayers and permit applicants. This bill also has no reasonable accommodation for the handicapped and elderly regarding the fees and live fire training or the provisions and procedures for that. These violations of rights and laws that have been implemented in other states like California and Washington continue to prove they don't up. These restrictions not only hurt common man from protecting their life and liberty but also keep off duty law enforcement officers from protecting themselves and public from criminals and individuals who plan and have intent to harm others. I oppose this bill.
