Measure, Appointment or Topic: HB3075

Ben Franklin said it best. Those who are willing to sacrifice freedom for a little safety deserve neither freedom nor Safety.

These new rules will do nothing but limit law abiding citizens ability to defend their families and themselves.

Criminals do not follow the rule of law. You are making thousands of people criminals with the institution of these rules. You are weakening our constitution and our rights therein.

Please continue to weaken the American public. I am now a criminal.
