

Submitter:	Kim Foster
On Behalf Of:	Seniors
Committee:	House Committee On Revenue
Measure, Appointment or Topic:	HB3755

Seniors have been especially hit financially over the last four years with the real rate of inflation above 20% (covering food, medical, housing, and other essentials), while the Social Security COLA has fallen far short of this. Senior property owners NEED the relief that this bill would provide!

I would recommend a shorter period than the 10 year residency requirement, such as 5 years, as the big rates of inflation have occurred in the last four years.
