Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

This bill is completely anti-second amendment. The entire state is supposed to be represented but if you look at a map essentially a little dot in Portland is the only area that voted for this so that's messed up that the rest of the state has to suffer. This is going to hurt so many people. It's also comical that anybody who is pushing this nonsense thinks that criminals are going to somehow abide by it. All you're accomplishing by doing this is hurting good people. That's it period.
