HB3075

I am opposed to this bill being brought forth. Many of you think it doesn't violate our second amendment rights to bear arms, but it does with these four words you all choose to ignore. "SHALL NOT BE INFRINGED", our founding fathers couldn't make it any clearer than that. Our right to defend ourselves is our God-given right. Do not forget you all swore an oath to uphold the constitution not choose but you agree and disagree with. Follow the constitution and bill of rights as written, you don't get to make up rules just to make yourselves feel good. All you are doing is creating a society of victims, cause people who want to do evil will find a way to make it happen that is why they are criminals, they don't follow laws. I vote for harsher punishment for criminals not this soft belly style that is plaguing our nation today and thank the Lord above that we have a president who actually stands for this country unlike what I see before me in this state legislature. If you vote this in, I promise you that you all will be voted out someday and this will all be corrected, your reign of incompetence will come to an end. The votes and voices you suppress will be heard.
