Please do not approve any more taxes on Oregon citizens. The income tax and property taxes are higher than most other states. Add to that, we have to pay about \$500 for fire protection. Add to that, the insurance has doubled. Add to that, the electric bill has doubled. Why don't you raise the hunting and fishing license fees for out of state persons? Inflation over the last four years has been 13%. Please think of your tax paying citizens who live on fixed incomes, or your tax paying citizens with the mother and father both working to survive and paying child care so they can go to work. Thank you for thinking of your Oregon citizens.
