House Committee On Judiciary

Measure, Appointment or Topic:

HB3075

I oppose this bill. Quit taking our rights because of people breaking the law. Criminals will always get guns. They don't go to shops if they can't already pass a background check. This just affects law abiding gun owners and buyers like myself. The last pistol I bought it took 4 months to get cleared to buy. This is ridiculous for a guy that has had nothing more then a speeding ticket 20 years ago.
