On Behalf Of:

Committee: House Committee On Higher Education and Workforce  
Development

Measure, Appointment or Topic: HB3826

Members of the Committee,

I support this bill wholeheartedly.

As a CDL holder, and a small business owner which requires CDL Drivers, It is almost impossible to find capable CDL drivers to work.

This bill will help get more interest at a younger age for people entering college to consider obtaining a CDL.

Again, I support this bill as written.
