As an american we have rights to be free, we have ammendments that are supposed to never be infringed on. But time and time again are oregon leaders are not following the constitution of the United States of America and are violating are rights again and again. First it was measure 114 trying to limit are right to bear arms, and to protect are families witch is not fair to law abiding citizens. Us citizens that are law abiding and follow every law to have are firearms are the ones suffering. Criminals are not going into a sports store to buy a firearm and are not getting a state manded background check to go out commit a crime. They have ways around getting a firearm that aint legal the way law abiding citizens do and they are most or part of the reason there are shootings. Another issue is carelessness of firearms leaving them in a car for theft or not locking them up and a safe and are stole by Criminals or getting into the hands of suicidal people or kids from theft. Maybe as a state rep we should be focusing on the real issues at hand here.
