Measure, Appointment or Topic: HB2050

The men and women of uniform in the state of Oregon have stepped up and sacrificed themselves to serve our State and Nation, tax free retirement income/service pensions for veterans of the armed forces would be a small but significant recognition of that service. Additionally, should Oregon pass this measure it will encourage veterans from moving outside of Oregon to other states who already have similar measures passed. This could increase the number of veterans relocating to Oregon in retirement providing economic benefits for communities within our state.
