Measure, Appointment or Topic: HB3075

I oppose measure 114 considering it is unconstitutional to put a delay on people being able to purchase a firearm without establishing the staff to supply the training for the demand of people purchasing firearms. This will put a massive delay on being able to obtain a firearm. This measure will also force people to purchase magazines 10 round or less, which will make those hard to find and cost the firearm owner additional money for an item they already have. I appreciate you taking the time to read this.

Thank you,
