

Submitter: Monique Bochsler

On Behalf Of:

Committee: House Committee On Higher Education and Workforce
Development

Measure, Appointment or Topic: HB2553

I am Monique Bochsler, and I stand in favor of HB 2553. Trades and technical education play a crucial role in fostering a vibrant community and robust economy. It is important to provide support for individuals pursuing careers in trades, similar to the support given to college students. This bill represents a sensible approach, and I urge you to cast a YES vote.
