I strongly oppose this. This will affect responsible domestic breeders of cats dogs, birds, etc. and rescue centers if it passes. The good dog breeders already follow the guidelines of their breed, AKC or other organizations. Backyard breeders that have no ethics will continue to breed unwanted dogs and cats regardless of what the laws are. This will drive the price of an animal up higher and then make these people want to breed more to make more money. Please don't pass this law.
