Measure, Appointment or Topic: HB3075

Strongly in opposition to further taking away our rights, our protections and our freedoms. I am done with the socialist Democrat party, you waste money on bills and then waste more tax payer money fighting the courts only to lose in the supreme court while my personal and business taxes are pissed away like free money for transgender stupidity and laws like this one proposed that help nobody but harm us Oregonians for more fees and more taxes for the Democrat money machine to support criminal illegals and building burning cop hating Antifa like groups. My donation days are done! This bill is irresponsible and tyrannical.
