Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

As a voting citizen of Oregon, I strongly oppose HB 3075. Please stop infringing upon our 2nd Amendment rights as US Citizens! Common sense shows us that the characters who misuse guns in ways to hurt law abiding citizens will easily find ways to get a gun. Why is the House working to make the citizens of Oregon more vulnerable by making it harder to protect ourselves?
