

Submitter: David Horner

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

As a voting citizen of Oregon, I strongly oppose HB 3076. This bill just additional burdens on small businesses that are already heavily regulated through the federal program that requires all firearms businesses to be licensed. In my opinion the House is attempting to add additional layers of red tape in another attempt to eliminate the sales of firearms in Oregon and infringe upon our 2nd Amendment rights as US Citizens! HB 3076 will do nothing to enhance public safety it will only harm law-abiding businesses and citizens. Use common sense and vote no on HB 3076.
