

Submitter: Cynthia Alaniz

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

I strongly oppose this measure. Not only does the Ballot measure violet the constitution and our rights, having it bypass courts and only be allowed in Marion County Court is ludacris. Increasing the fee and adding all these other ramifications makes it difficult for gun owners and violates personal freedoms and rights.

The new program for law enforcement officers for the training lacks funding. There are plenty of gun clubs that offer training, I took a class in Sherwood.

Increasing fees is also not fair, things are so expensive now and this affects hardworking Oregonians many of which can barely afford food and rent
