House Committee On Judiciary

Measure, Appointment or Topic:

HB3075

I strongly oppose this bill! This clearly goes against our 2nd amendment rights in our constitution. I'm tired of Oregon legislators thinking they can steam roll over their constituents and inject their liberal woke ideology on a state where the majority of its citizens own guns. This state has been severely corrupted ever since we brought in mail in ballots. I'm praying the fraud and abuse will be exposed and the Oregon we all once knew will be restored.
