Measure, Appointment or Topic: HB3075

I oppose HB 3075. As a law biding citizen I purchase my guns legally. I pay to register them, I pay for background checks. I have gun safety training. lol This bill will not keep guns out of the hands of criminals.

Oregon has common sense gun laws, we need common ground enforcement. Police Officers, and District Attorneys need to be able to arrest and prosecute those who break the law. Educate not legislate. Let's support the programs to educate regarding gun safety, safe gun storage and suicide. Please oppose this bill.
