Thank you for looking and considering this testimony. I'm a 37 year veteran with all my years basically in the Oregon army National Guard. I did do two tours in Afghanistan to serve my country. Having spent that many years in the service I have disability ratings. I support the idea of The cutting of taxes on veteran status. I am not starving but the extra money that I think I deserve will help my family continue to be able to live in a comfortable fashion. I visit the VA and go to other clinics to deal with all the issues I have. Currently, I'm working on the burn pit issue for my respiratory issues. Again, thank you for consideration and hope you will support this issue.
