

Submitter: Dona Coon

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

I believe our state is under attack from special interest groups that are bent on taking away citizen's rights. Please do not approve this measure to move forward. We have enough laws and regulations without adding this unnecessary weight to citizens, law officials and our system. Provide the foundation and support to law officials to enforce the laws already in place and leave our gun ownership out of it.
