Measure, Appointment or Topic:	SB1076

As a small animal veterinarian and breeder of dogs, I am strongly opposed to SB 1076. There is absolutely no need for regulation and revenue generation for the sake of additional government regulation. There are already laws in place to protect the well-being of our pets. The breeding of dogs puts no financial strain on the state. There is no reason breeders should be financially punished for their hobby and services which already put them in a financial deficit.
