

Submitter: Ron Reid

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

I oppose this bill for the simple fact that it is fiscally unviable and an undue burden on county, state and taxpayers that has not been revealed fairly to all parties. This bill is an overreach that will not accompany it intends to. It will only make laboring citizens criminals and place too much fiscal responsibility on the state and counties.

Thank you
