Statement Opposing HB 3075

I strongly oppose HB 3075, as it represents an unconstitutional infringement on the rights of law-abiding Oregonians. By increasing barriers to firearm ownership through excessive fees, prolonged waiting periods, and an unnecessary permit process, this bill does nothing to stop criminals but instead punishes responsible citizens.

The Second Amendment guarantees our right to keep and bear arms, and HB 3075 directly undermines that right by imposing burdensome regulations that disproportionately impact law-abiding individuals. Furthermore, the bill's vague and rushed implementation, along with its emergency clause, bypasses proper legislative scrutiny and public input.

Rather than restricting the rights of responsible gun owners, lawmakers should focus on enforcing existing laws and addressing the root causes of crime. I urge my fellow Oregonians to stand against HB 3075 and call on legislators to reject this unconstitutional overreach.
